ALA Mission Delivery - Basic Training is going virtual! This fall, while we will not be offering the traditional face-to-face Mission Training, you can still get the basics of mission delivery from the comfort of your home. We will be offering the same content multiple times on the following dates and time:

### **Dates being offered:**

Thursday, September 17<sup>th</sup> at 7:00pm EST

Monday, September 21<sup>st</sup> at 9:00pm EST

Saturday, October 3<sup>rd</sup> at 2:00pm EST

### **What you'll learn:**

In the 45-minute webinar, you will learn about how to discover the mission needs in your own community and think differently about how we get others to join us in this service.

An introduction to our traditional, face-to-face Mission Training, this virtual Live course will combine many elements from Mission Training 101 and 201.

This course will engage you on these topics:

- How to identify needs in your community
- Where to discover the most effective tools
- Finding opportunities in obstacles
