Re: **Weekly Briefing 03-05-2021**

It's been a whirlwind week for me as I was fortunate to be able to visit Tyra Nelson at our Washington DC Office. I met new Legion staff members and reacquainted myself with other staff members and Legion National Chairmen. I value the time I was able to spend with them! President Nicole and I saw the preparation that goes into the National Commander's testimony and watched his testimony from the green room of the studio where he was presenting. Executive Director Chanin and his staff do a great job!

If you didn't get the opportunity to see the Commander's testimony live, you can view it at: <https://www.legion.org/>

I also strongly encourage our members to watch the "Know Before You Go" video to learn all about our legislative priorities:

Remember, we are not a political organization and do not endorse a party or a candidate; these are the issues we do support as an organization.

If you participated in DC Conference, we would love to receive your feedback! Please complete the survey at: <https://www.surveymonkey.com/r/WR8C5NG>
